

FAQ

Matilda Baby Map and Album

1. Is it a baby picture you are looking for or as they are now?

You can choose your favourite picture at any age.

2. Is there an age limitation?

No, anyone who was born at Matilda is welcome to join us.

3. Is there any deadline? Can I still join the Mosaic project?

The online album is an ongoing project. A Matilda mosaic was produced and proudly displayed at the Maternity Department. Keep sending us Matilda baby pictures. We will consider to do another mosaic in the future.

4. How do I find the Matilda online album?

You can find the album here: <https://www.matilda.org/MatildaBB/en/>

5. If I scan an old photo, that will not get to the resolution as stated in the poster?

The photo guideline is for your reference only. Please try to scan the picture as high resolution as possible. Your submitted photo should fit in the world map without any problem. Email us the picture at design@matilda.org.

6. Why do you need a horizontal picture, I only have a vertical picture?

A horizontal picture will fit the photo album better. If you send us a vertical picture we may need to edit your picture a bit, or request you to send us a better one that fits the format better.
